

CaribbeanTenders.com: Regional Tenders and Consulting Opportunities

CaribbeanTenders.com is an intuitive, Web-based online tender management system that provides the essential functionality every organization needs to transform the procurement and contracting process from the traditional paper based environment to an electronic one.

This innovative approach allows regional companies and government agencies to advertise and access Tender Notices and Bid Documents online. This service helps companies access a wider market, reduce cost, increase efficiency, improve transparency and reduce risk.

CaribbeanTenders.com can provide your organization an easy to use, yet sophisticated online tender management toolset with the following features:

- Organizations & government agencies can publish full tender notices and bid documents as either public or private (selective) for **FREE**.
- Vendors can view and download tender notices and bid documents.
- Organizations can accept electronic bids through our tenders e-box.

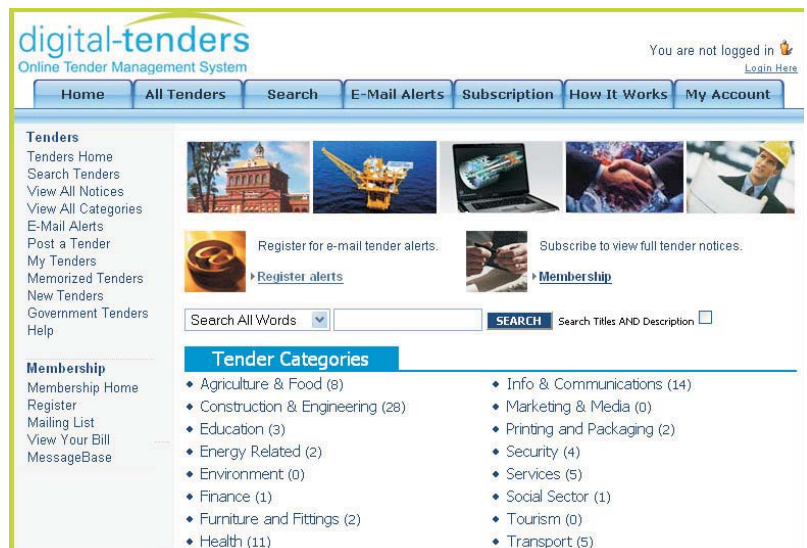

This solution is specifically targeted at two markets; (a) companies who wish to publish tender notices and bid documents (free) and (b) vendors who wish to view tender notices and bid documents (subscription required).

A customized solution can also be developed for organizations and government agencies that wish to host their own e-tendering solution.

POST TENDER NOTICES FREE ON CARIBBEANTENDERS.COM

Top reasons for choosing CaribbeanTenders.com

- Opens up the market ensuring competitive bids are received from regional market and global bidders.
- Reduces overhead cost such as printing and advertising thereby freeing up resources for effective deployment of staff.
- Creates flexibility for receiving bids and reduces the limitations of the traditional wooden box.
- Creates a space where all tenders can be viewed or posted, providing a convenient location for all parties involved in the tendering process.
- More efficient access to Tender Notice information 24/7.
- Better utilization of resources, geared towards preparing proposals rather than searching for Notices.
